HUMANITARIAN AWARD CEREMONY

LANCASTER, Ohio (September 7, 2007) – Fairfield Medical Center Foundation is proud to host a Humanitarian Award Ceremony on Saturday, September 8, 2007. This event will be held in the Fairfield Medical Center Assembly Rooms at 1:00 pm. Guests being honored include, Gordon B. Snider, MD, Connie Leitnaker, and William D. Monger, MD. Presentation of awards will be by Jerome Roche, MD, Mina Ubbing, Fairfield Medical Center CEO, and Charles Cook, MD.

The Fairfield Medical Center Humanitarian Award was established in 1994 to recognize individuals from the community for his or her contribution to the betterment of healthcare in the community. The honor is a rare honor. Community betterment is the motivation, not personal gain. The individual has taken a leadership role and made an extraordinary contribution to the advancement of healthcare over a period of time, not just a one-time contribution.

Previous recipients of the Humanitarian Award are: George Boerstler, MD, Dr. Lewis Urling, MD, George W. LeSar, MD, Charles F. Clark, MD, Grant Munro, Wilford D. Nusbaum, MD, Virginia Pickering, A.B. VanGundy, MD, L. Richard Bartlett, and the Fraternal Order of Eagles. A plaque recognizing the efforts of the recipients is located on the Wall of Honor located in the South lobby at Fairfield Medical Center.
