TREE OF LIGHT TWIG 7 PROJECT SUPPORTS FMC EMERGENCY DEPARTMENT

LANCASTER, Ohio (November 8, 2007) – The Frank S. Benson, Sr. Twig 7 is in the process of planning its 19th annual “**Tree of Light**” Project. It is the goal of Twig 7 to use proceeds from the Tree of Light project to buy an Electrocardiogram (EKG) for the Emergency Department. Such equipment measures the electrical activity of human heartbeats.

There will be a decorated tree in both the North and South lobbies at Fairfield Medical Center. The two trees will be filled with stars and angels representing symbols of your donations. Twig 7 asks for your support of this project. Your generosity is greatly appreciated. With your contribution, you may memorialize or honor a loved one. We will record the names you have specified in the duplicate Books of Honor on display in both the North and South Lobbies. Last year’s project was very successful, providing over \$9,800 in support.

Please join us for a tree-lighting ceremony in the North Lobby on November 27th at 1:00 pm. Come and enjoy the fun and music as these “Trees of Light” come alive.
