Volunteer Process

Step 1: The Application
Each potential volunteer is asked to complete a written application form providing pertinent personal information.

Step 2: The Interview
Each potential volunteer will have a private interview to determine his/her area of interest so a suitable volunteer position can be identified. You can arrange for the interview by calling Heidi Reed at (740) 687-8109.

Step 3: Background Check
Fairfield Medical Center must run a criminal background check and fraud check on each potential volunteer. Your signature on the application grants Fairfield Medical Center the authority to check the nationwide database.

Step 4: The Shadow
Each potential volunteer will shadow in one or two areas of interest to ensure that the volunteer opportunity is a good fit for both the potential volunteer and the department.

Step 5: General Orientation
General Orientation is provided to each new volunteer. Orientation will provide information about Fairfield Medical Center and those policies and procedures that affect all volunteers. You will also receive a tour of the facility, a TB Skin Test, and receive your ID badge and volunteer smock. Following General Orientation, you are ready to begin your volunteer assignment in your department (approximately 1.5 weeks following orientation).

Annual Requirements:
Each calendar year, every volunteer is required to complete an annual education packet. Volunteers are also required to receive a flu vaccine (requests for medical and religious exemptions are considered) or must take a leave of absence from mid-December through early April.
