

Policy Owner: Family Medicine Residency Program
Policy Title: **Minimum Requirements for Residency Program**
Reference:

Policy

1. Residency applicants will be considered for interview and subsequent matriculation when meeting the following criteria:
 - a. Graduate of an AAMC or AACOMAS accredited medical school within 7 years of medical school completion.
 - b. Continued pursuit of degree or vocation in a medical or allied health field conducted during any lapse of time between medical school completion and time of application for residency.
 - c. Submission of application through Electronic Residency Application Service (ERAS).
 - d. Completion of Step 2 of COMLEX or USMLE by date of residency matriculation.

2. These requirements represent minimum requirements that must be met. Additional requirements may apply in accordance with the selection criteria of the respective programs to meet program or organizational objectives on an annual basis.
